

GLOBAL BIOPHARM DELEGATION TO CHINA

Shanghai – Wuxi – Hangzhou –Fuyang
April 19-26, 2018

China is the 2nd largest drug market in the world; however, for many global companies, conducting business in China is often a challenging and disorienting experience. You have to be on the ground in China to observe, explore, and ultimately sharpen your vision to truly found out if the Chinese market is right for your particular technologies or products and find a right business partner.

In conjunction with “Global Biopharmaceutical Innovation and Partnership” conference sponsored by Wuxi Mashan Government and China Pharmaceutical Association, eChinaChem offers tailor-made, worry-free, and all-inclusive China Immersion Pharma Delegation options to help you productively use your time in China to achieve your goals.

KEY BENEFITS OF DELEGATION MEMBERS

- **China Biopharm Conference:** Attend the 2-day conference with six industry tracks on oncology, antibody, immunization, drug delivery, investment M&A, and ICH regulation
- **Chinese Biotech Industry Parks:** Visit state-of-the-art Biotech Parks in Wuxi City and Hangzhou City
- **Chinese Laboratories & Factories:** Tour top Chinese biotech labs & pharmaceutical factories, take an insider look of Chinese operations onsite
- **Roadshows:** Present your company or technology to prospective Chinese investors and pharma partners
- **One-on-One Partnering:** If you provide specific business needs in advance, we will identify and invite specific Chinese companies or investment funds in your fields to meet with you individually during your trip

ALL-INCLUSIVE Travel Package: The price includes all the above business services, lodging, meals, local transportation with Shanghai airport pickup and airport drop-off. All you need to pay extra is your air ticket to Shanghai, and back home, or maybe not!
